Theme: “How to dispose of garbage”

English

Please sort your garbage by type and take it to the designated local collection point by 8:00 a.m. on the scheduled collection day.

Collection days vary by area.

Collection days and instructions on how to sort and put out your garbage are listed in the “Household Recyclables and Garbage Collection Calendar.”

The garbage collection calendar is distributed to homes around March every year.

Garbage collection calendars in foreign languages (English, Thai, Tagalog, Chinese, Portuguese, Korean, and Vietnamese) are available at the City Hall Living Environment Section and the International Exchange Corner.

You can also view it on the website.

Collection Calendar

Please place combustible waste, non-combustible waste, and recyclable plastics into their designated bags and take them to the collection point.

For combustible and non-combustible garbage that is too large to fit into a bag, please put a “bulky garbage sticker” on it before disposal.

However, you cannot dispose of items exceeding 1m x 50cm x 50cm in size.

Please refer to the garbage collection calendar for information on how to dispose of recyclable plastics.

Please purchase the bags and stickers at supermarkets, home improvement stores, pharmacies, convenience stores, or similar locations.

There are three types of bags—① combustible waste (green), ② non-combustible waste

(red), and ③ recyclable plastic (yellow)—and the price varies depending on the type and size of the bag.

The stickers are 40 yen each.

Please sort paper into the following categories: ① newspapers and flyers, ② cardboard, ③ paper cartons, and ④ magazines and other waste paper. Tie them with string and place them at the collection point.

Please place aluminum cans in the blue mesh bag at the collection point, PET bottles in the green mesh bag, and sort glass bottles by color before placing them in the container.

If garbage is not sorted or set out correctly, it cannot be collected.

Please check the collection calendar carefully before putting out your garbage.
